

MOTHERHOOD

The greatest ambition of American men and women is to have homes blessed with children. The woman afflicted with female disease is constantly menaced with becoming a childless wife. No medicine can restore dead organs, but Wine of Cardui does regulate derangements that prevent conception; does prevent miscarriage; does restore weak functions and shattered nerves and does bring babies to homes barren and desolate for years. Wine of Cardui gives women the health and strength to bear healthy children. You can get a dollar bottle of Wine of Cardui from your dealer.

WINE OF CARDUI

143 Market Street, Memphis, Tenn., April 14, 1901.
In February, 1901, I took one bottle of Wine of Cardui and one package of Theodor's Black-Draught. I had been married fifteen years and had never given birth to a child until I took Wine of Cardui. Now I am mother of a fine baby girl which was born March 31, 1901. The baby weighs fourteen pounds and I feel as well as any person could feel. Now my home is happy and I never will be without Wine of Cardui in my house again.

HEADNOTES.

Supreme Court of Florida, January Term, A. D. 1901.

Robert J. Barton, plaintiff in error, vs. The State of Florida, defendant in error—Hamilton county.

Taylor, C. J.: Criminal law—Violation of prohibition laws—Liquor election, collateral attack on criminal trial—Canvassing board in liquor election.

1. Under section 861 Revised Statutes the board of county commissioners is the body authorized to canvass the vote and declare the result of elections held to determine whether the sale of spirituous, vinous and malt liquors shall be prohibited in any county, and such board of county commissioners constitute "the county canvassing board" referred to in section one of Chapter 4552 laws of 1897, that provides that: "In all prosecutions by the State for the unlawful sale of intoxicating liquors, wines or beer contrary to prohibition regulations, the introduction of a copy of the record of the result of the canvass of the returns of the election as made by the county canvassing board and recorded in the minutes of the proceedings of the board of county commissioners, duly certified to by the clerk of the Circuit Court for such county in which an election shall have been held, shall be taken as *prima facie* evidence that said election was legally called, conducted and holden."

2. When on the trial of a party indicted or informed against for unlawfully selling intoxicating liquors in a county

where such sale has been prohibited by an election held, the prosecution introduces in evidence a duly certified copy of the record of the result of the canvass of the returns of such election, as made by the board of county commissioners and recorded in the minutes of their proceedings, as provided for by section one of Chapter 4552 laws of 1897, the introduction of such certified copy, though declared to be only *prima facie* evidence of the fact that such election was legally called, conducted and holden, does not give to the accused the right in his trial for the crime to contest such election for mere irregularities in its conduct.

3. The statute makes it a crime to sell intoxicating liquors in counties "which have voted against the sale of such liquors," and where an election has been held, and it was properly called by the proper officials, upon a proper petition, and the result against selling has been ascertained, declared and recorded as provided by law the county has "voted against the sale" within the meaning of the statute imposing a penalty for its violation, and in prosecutions for offenses thereunder mere irregularities in the conduct of the election cannot be shown in defense, unless they go to the point of showing a want of authority or jurisdiction to call the election, or unless they show that the canvass and declaration of the result was the product of corruption or fraud on the part of those whose duty it is to canvass the returns and declare the result. (Mabry, J., dissents.)

Judgment affirmed.

Rheumatism

Rheumatic pains are the cries of protest and distress from tortured muscles, aching joints and excited nerves. The blood has been poisoned by the accumulation of waste matter in the system, and can no longer supply the pure and health sustaining food they require. The whole system feels the effect of this acid poison; and not until the blood has been purified and brought back to a healthy condition will the aches and pains cease.

Mrs. James Keil, of 707 Ninth street, N. E., Washington, D. C., writes as follows: "A few months ago I had an attack of Sciatic Rheumatism in its worst form. The pain was so intense that I became completely prostrated. The attack was unusually severe one, and my condition was regarded as being very dangerous. I was attended by one of the most able doctors in Washington, who is also a member of the faculty of a leading medical college here. He told me to continue his prescriptions and I would get well. After having it filled twelve times without receiving the slightest benefit, I decided to continue his treatment any longer. Having heard of S. S. Swift's Specific recommended for Rheumatism, I decided, almost in despair however, to give the medicine a trial, and after I had taken a few bottles I was able to hobble around on crutches, and very soon thereafter had no use for them at all. S. S. Swift's cure me and well. All the distressing pains have left me, my appetite has returned, and I am happy to be again restored to perfect health."

SSS the great vegetable purifier and tonic, is the ideal remedy in all rheumatic troubles. There are no opiates or minerals in it to disturb the digestion and lead to ruinous habits.

We have prepared a special book on Rheumatism which every sufferer from this painful disease should read. It is the most complete and interesting book of the kind in existence. It will be sent free to any one desiring it. Write our physicians fully and freely about your case. We make no charge for medical advice.

The State of Florida ex rel. The Birmingham Trust & Savings Company, plaintiff, vs. L. J. Reeves, judge of the First Judicial Circuit of Florida, respondent. Petition for alternative writ of mandamus granted, and writ made returnable on Tuesday, March 4th. D. L. McKinnon for petitioner.

The court stands adjourned until Tuesday, the 26th instant.

TOT CAUSED NIGHT ALARM.

"One night my brother's baby was taken with Croup," writes Mrs. J. C. Snider, of Cincinnati, Ky., "it seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from Croup and Whooping Cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infalible for Coughs, Colds, Throat and Lung Troubles. 50c and \$1.00. Trial bottles free at all drug stores.

TO THE STATE CONVENTION OF COUNTY SCHOOL OFFICERS.

In the school law of Florida there is provision made for the teaching of the effects of alcohol and other narcotics on the human system in the mandate to county boards to require elementary physiology "taught in every school in the county." Now, the superintendent, being the executive officer of the board, is practically the power behind the throne, and can bring to pass whatever he wills to be done.

Therefore, the Woman's Temperance Union of Florida petitions you to help the county boards to a true and proper interpretation of the law, to see that its intent is complied with, viz.: that every child of school age is taught the truth about these arch enemies of health and prosperity.

The teachings of science are available to every teacher and every pupil, and through them we know, in the land

guage of Dr. Max Kassowitz, professor in Vienna University, (August 23, 1900) that alcohol is "a poison only, which, like other poisons, is an irritant when taken in small doses, while in larger ones it produces paralysis and death."

Should not the children be taught the warnings of science? The experience of the commercial world confirms this teaching, and has led great corporations to require total abstinence of their thousands of employees, and insurance companies to discriminate in favor of the total abstainer, and the commandants of the armies of England and France to prohibit the use of alcoholic beverages. The world is advancing rapidly to the standard of total abstinence, and shall the schools of Florida continue to lag behind, and to withhold the very knowledge which will best fit the pupils for citizenship and for success?

In behalf of the Woman's Christian Temperance Union of Florida.

Respectfully yours,
ALICE C. CROWN,
February 8, 1902. President.

A DEEP MYSTERY.

It is a mystery why women endure Bachache, Headache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney troubles," writes Mrs. Phebe Cherley, of Peterson, Ia., "and a lame back, pained me so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, I now am able to do all my housework." It overcomes Constipation, improves Appetite, gives perfect health. Only 50c at all drug stores.

A NONDESCRIPT EGG.

Mr. Frank Willis, stenographer and law student in the law office of Judge George P. Raney, brought to this office a few days ago the greatest curiosity we ever saw in the shape of a hen egg, or eggs, in fact, for there were two of them. They were fresh laid, covered with a shell nothing more than a tissue in thickness and as soft and flexible as a piece of well dressed sheepskin, and remained so.

The most peculiar feature of these eggs, however, is the fact that they are inseparably joined together by a small tube a little larger than a lead pencil. This tube was a half or three-quarters of an inch long, and it is filled with the same white substance that surrounds the yolk in all eggs, completely joining the two.

Unfortunately the hen in getting off the nest punctured the thin covering of one of the eggs and through this the substance of both is slowly oozing out, destroying the curiosity. Those who doubt this story can see the egg in our desk if they will call before it dries up completely.

F. A. WERMAN, OF BALTIMORE, MD. SAYS:

Baltimore, Md., March 30, 1902.
Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.
About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.
I underwent a treatment for catarrh, for three months, without success, consulted a number of physicians, among others, the most eminent ear specialist in this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.
I then saw your advertisement, accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,
F. A. WERMAN, 730 N. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost.
